PHYSICIAN GUIDE 2013

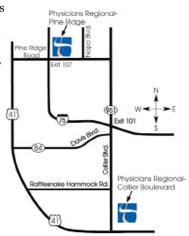

Physicians Regional-Pine Ridge

6101 Pine Ridge Road, Naples, FL 34119 • 239-348-4000

The Pine Ridge campus is a 365,000 square-foot, 101-bed acute care facility accredited by The Joint Commission. This landmark facility has been in the Southwest Florida community since 1999. It was originally opened as Cleveland Clinic, as a satellite location. In May 2006, the facility was purchased by Health Management, a leading national operator of acute care hospitals and was given the name Physicians Regional Medical Center. Today, Physicians Regional Healthcare System is comprised of two premier hospitals in Collier County with 201 licensed beds, an affiliated multi-specialty physician group, and a medical staff of over 300 physicians who are highly trained and exceptionally skilled within their fields. The Healthcare System offers vital services such as Neurovascular, Stroke and Orthopaedics to the Naples Community.

Physicians Regional-Collier Boulevard

8300 Collier Boulevard, Naples, FL 34114 • 239-354-6000

The Collier Boulevard hospital is a 212,400 square-foot, 100-bed acute care facility, accredited by The Joint Commission. The Collier Boulevard campus also includes a 94,000 square-foot medical office building. This state-of-the-art facility was completed in 2007 and was Health Management's first de novo hospital. The State of Florida granted Health Management a Certificate of Need (CON) to build the hospital in 2005. Construction began on September 8, 2005; and on February 5, 2007, after tremendous public anticipation, the hospital began accepting patients. The opening of Physicians Regional-Collier Boulevard brought vital services such as obstetrics and other general medical/surgical services to East Naples and its surrounding communities including Marco Island.

Physicians Regional - Marco Island 1839 San Marco Road Marco Island, FL 34145 239-394-1670

The surgery department at Physicians Regional-Collier Boulevard has been designated as a Center of Excellence in Minimally Invasive Gynecologic Surgery (COEMIG) by the AAGL, the leading association promoting minimally invasive gynecologic surgery throughout the world.

Focused on improving the safety and quality of gynecologic patient care and lowering the overall costs associated with successful treatment, the COEMIG program is designed to expand patient awareness of and access to minimally invasive gynecologic procedures performed by surgeons and facilities that have demonstrated excellence in these advanced techniques. The experience of the surgical staff, the hospital's technology and equipment, and patient outcomes are among the many qualifications considered for the designation.

Our two COEMIG designated surgeons:

Robotic-Assisted COLORECTAL SURGERY

Susan Cera, M.D. Colorectal Surgery

Anthony Vernava III, M.D.

Colorectal Surgery

Can you really have colorectal surgery without a large abdominal incision? Positively.

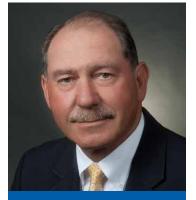

We have positively great news for patients requiring a colon resection to treat cancer or other benign conditions. Using the da Vinci® Si™ Surgical System, Dr. Susan Cera and Dr. Anthony Vernava perform these procedures with better visualization and greater precision for a more meticulous dissection. And, they do it with smaller, less visible incisions.

This safe and effective minimally invasive technique provides an alternative to traditional colorectal surgery. It's positively innovative and life-changing. And it's available in Southwest Florida only at Physicians Regional.

Physicians Regional Healthcare System is one of only 244 U.S. hospitals and critical care access hospitals recognized by The Joint Commission as a Top Performer on Key Quality Measures™ for two consecutive years, 2010 and 2011. This recognition means an organization has met or exceeded two crucial 95 percent quality performance thresholds. Physicians Regional Healthcare System met four thresholds,

pneumonia care and surgical care. Earning this distinction inspires us to work even harder to be your number one choice in healthcare.
